Petroleum Engineer International

1968 ANNUAL INDEX FOR VOLUME XL

SUBJECT INDEX

TITLE OF ARTICLE AND AUTHOR	MONTH	Pg
OCEAN ENGINEERING		
A Federal Organization for Ocean Engineering	Mar.	24
Aero-Hydro Interface Measuring, Dr. Andrew A. Pouring	May	21
Alaska Oil Still in Red	Jan.	21
Alcoa Unveils Broad Program Aimed at Deep Ocean Exploration	Sept.	26
Amerada Joins Government-Sponsored Program	Feb.	22
Anchoring System	Jan.	22
Argentina	May	24
California Firm Launches Newest Submersible	Nov.	30
Challenger Continues Historic Project	Nov.	24
Conoco Unveils Unique Subsea Storage Project	Aug.	28
Continental Shelf	June	24
Dearborn Computer Purchases Storm Drilling, Marine Firms	Oct.	22
Derrick Barge	Jan.	22
Digital Computers Contribute to Oceanography	Feb.	23
Discoverer II: Study in Engineering Communications	Oct.	16
Diver Performance Study	Feb.	22
Dresser Beefs Up Offshore Equipment	Dec.	28
Ecuador	June	22
Efficient Use of Divers, D. Michael Hughes	Aug.	24
Equipment for North Sea Platforms	Mar.	22
Fabricating Plant	Jan.	22
$5,000,000 for Offshore	Dec.	22
French Start Project Off Tunisia	Sept.	16
Gulfrex	Jan.	22
Gulf Weather to be Studied	Dec.	28
Helmerich & Payne	Jan.	22
High Court Denies Texas Offshore Claim	Feb.	22
Humble Sets Record at Deep Water Wildcat	Dec.	28
Humble's New Western Division	Apr.	22
Hunt Plans to Start Drilling of Argentina Early Next Year	Sept.	26
Lake Erie	June	22
Marine Oil Study	July	28
Marine Science Volume Offered	June	22
Martin Marietta Forms Offshore Systems Company	Oct.	22
NPC Urges Caution on Deep Ocean Rights	Sept.	23
New Ocean Bottom Casing Suspension System	Nov.	28
New Pipe Handling System	Jan.	21
New Record Set	Mar.	27
New Technique for Stabilizing Platforms	Apr.	22
New Vessel Design for Offshore Operations	Nov.	21
Noordwinning Group	Apr.	24
North Sea	June	21
North Sea Activity	June	22
North Sea Exploration	May	24
Offshore Group	July	28
Offshore Income Lags Behind Costs	Mar.	24
Offshore Rig Rules Published	Nov.	22
Offshore Structure	Mar.	27
Penrod Building Twin Propulsion Aided Jackups	Aug.	21
Prefab Panels for Platform Housing	Nov.	22
R&B Tests First Diving Bell Designed for Seafloor Crawling	Oct.	19
Red Sea Rights to Sinclair	Mar.	22
Research Facility	Mar.	27
Royal Dutch/Shell Sets Pace Offshore Worldwide	Sept.	18
Santa Barbara to Claim Water Landmarks	Sept.	25
Saturation Diving System	Apr.	16
Sea Breeze Studies	Apr.	16
Seafloor Contractors	Apr.	22
Seafloor Wellhead Passes 6-Year Test	Oct.	25
Service Vessels for Australian Offshore Drilling	Mar.	22
700-Ft. Working Dive	May	27
Shell-Esso to Drill Off Scotland	Feb.	18
Side Scan & Pinger Probe Demonstrated	Feb.	20
Sinclair Installs Nuclear Wellhead Controls in Gulf	July	21
Southeastern Completes Earl & Wright Acquisition	Oct.	20
Sub Designed for Seafloor TV	Nov.	96
Sub Retrieves Riser Pipe from Santa Barbara Seafloor	Oct.	20
Submerged Capsule System for Production - Drilling Operations	Dec.	21
Sweden	June	22
Tank Insulation	Jan.	26
Television System	Jan.	28
Test Station Measure Fouling by Marine Life	Apr.	22
Tilt Rig for Santa Barbara	Oct.	25
Turbine Power for Spark	Oct.	20
Turbines to Alaska Platforms	Jan.	28
Underseas Products & Services	Apr.	24
Underwater Communications	Feb.	20
Underwater Work Chamber	Feb.	18
Uruguay	June	22
Visual Acuity Test	June	21
Voice Distortion Solved	Mar.	22
Water Converter	Jan.	28
With Contractors, Service Companies	May	27
With Contractors, Service Companies	Nov.	28
With Offshore Drilling & Service Companies	June	24
With Offshore Drilling & Service Companies	July	23
With Offshore Drilling & Service Contractors	Jan.	24
With Offshore Drilling & Service Contractors	Feb.	20
With Offshore Drilling & Service Contractors	Mar.	30
With Offshore Drilling & Service Contractors	Apr.	24
With Offshore Drilling & Service Contractors	Aug.	22
World's Largest Pipe Driver	Nov.	24
DRILLING		
AUTOMATED DRILLING RIGS Humble Tests First Computerized Drilling System	Jan.	62
BLOWOUT CONTROL Understanding and Using Frac Pressures in Well Planning, H. E. Whalen	Sept.	75
COMPLETIONS How Pan Am Completes a Cook Inlet Producer	Feb.	56
CONTINUOUS TABLES Critical Flow Choke Coefficients	Jan.	65
Compressor Data - Rate vs Suction Pressure	Jan.	66
Table of C Factors - For Use With General Flow Equation	Mar.	69
Gas Reserve Calculation	May	75
Tank Capacity Chart	May	76
Well Pay-Out Conditions at Constant Production Rate	July	89
Estimating Economic Limit	July	90
Nozzle Selection Chart for Given Drilling String, Hole Size & Working Pressure With Varying Depth & Mud Density	Sept.	91
Reservoir Formation Volume Factor Correlations	Nov.	99
CONTRACT DRILLING Engineered Management of Contract Rigs, N. N. Muscovalley	Sept.	53
Powder River Basin: And The Boom Goes On, John Scott	Nov.	57
Boom Puts Load on Rocky Mountain Contractors, John D. Haley	Nov.	65
CORROSION How Corrosive Environments Affect Drill Stem, Harold Hilliard	Sept.	84
DEEP DRILLING '67 Deep Holes Total 402; Growth Continues in 1968, John Scott	Mar.	53
Engineered Concept Optimizes Deep Drilling, Louis Records	Mar.	66
Growth Seen in European Deep Drilling, Dipl. Ing. Hermann Sporker	June	72
DRILL PIPE Could Drill Pipe Last Forever? H. M. Rollins	July	55
DRILL STEM Packed-Hole Assemblies Solve Soft Formation Drilling Problems, Albert Crownover	Sept.	69
How Corrosive Environments Affect Drill Stem, Harold Hilliard	Sept.	84
DRILLING COSTS Is Turnkey the Answer to High Risk Drilling?	Sept.	49
DRILLING ENGINEERING Understanding and Using Frac Pressures in Well Planning, H. E. Whalen	Sept.	75
DRILLING METHODS Eastman Straight-Hole Turbodrill, David Schulz	July	64
Planned Pressure Drilling Pays Dividends, Luther Bartlett	July	76
Packed-Hole Assemblies Solve Soft Formation Drilling Problems, Albert Crownover	Sept.	69
No Problem Testing, Completing Muddy Wells, R. O. Childers	Nov.	62
DRILLING MUD Non-Dispersed Polymer Mud; A New Drilling Concept, J. L. Lummus & L. J. Field	Mar.	59
Mud Handling System Automated	June	80
Separator Refines Deep Well Mud Control, R. F. Burdyn & M. D. Nelson	July	67
DRILLING POWER PLANTS Engine Neglect Downgrades Rig Efficiency, Paul D. Shaffer	Jan.	64
DRILLING PRESSURE CONTROL Planned Pressure Drilling Pays Dividends, Luther Bartlett	July	76
EQUIPMENT Worldwide Rig Fleet Growing	June	101
Straight-Hole Dyna-Drill for Problem Conditions, Matt Riordan	July	58
Pan Am's Liquid Percussion Drill Ready	July	61
Separator Refines Deep Well Mud Control, R. F. Burdyn & M. D. Nelson	July	67
EXPLORATION Powder River Basin: And The Boom Goes On, John Scott	Nov.	57
FIELD DEVELOPMENT Powder River Basin: And The Boom Goes On, John Scott	Nov.	57
No Problem Testing, Completing Muddy Wells, R. O. Childers	Nov.	62
LOGGING New ADT Service Assists Operators in Drilling	Mar.	65
LOST CIRCULATION Squeeze Slurries for Lost Circulation Control, J. L. Lummus	Sept.	59
Understanding and Using Frac Pressures in Well Planning, H. E. Whalen	Sept.	75
OFFSHORE DRILLING Offshore Oil & Cook Inlet, Alaska, Pt. 1, J. E. Kastrop	Feb.	47
Offshore Environment Complicates Drilling	Feb.	52
Offshore Oil & Cook Inlet, Alaska, Pt. 2, J. E. Kastrop	Mar.	77
Santa Barbara: Proving Ground for Deep Water Technology, John Scott	May	59
Glomar Challenger Launched	May	64
ARCO's Three-Leg Tower for Cook Inlet, W. B. Colvin	May	66
Sedco 363: First Self-Propelled, Dynamically-Positioned Drill Ship, J. E. Kastrop	May	68
Analyzing Mooring Line Catenaries, B. G. Collipp	May	72
Wodeco Improves Drill Barge Stability, Lewis B. McCammon & Gunnar B. Bergman	May	96
North Sea Boom Undaunted, Grant Heatzig	June	60
Scarabeo II Largest Semisubmersible	June	82
Worldwide Rig Fleet Growing	June	101
OUTLOOK Industry Outlook/Direction - '68, J. E. Kastrop and John Scott	Jan.	49
Powder River Basin: And The Boom Goes On, John Scott	Nov.	57
Boom Puts Load on Rocky Mountain Contractors, John D. Haley	Nov.	65
PROFILE Petroleum Profile - Ernest D. Brockett, Jr.	Jan.	12
Petroleum Profile - Floyd K. Krebill	Feb.	8
Petroleum Profile - J. P. Jimmie Owen	Mar.	12
Petroleum Profile - E. M. Benson, Jr.	Apr.	12
Petroleum Profile - George B. Kitchel	May	12
Petroleum Profile - J. D. Moore	June	12
Petroleum Profile - Jack Herschel Marsee	July	12
Petroleum Profile - R. M. Brackbill	Aug.	12
Petroleum Profile - Robert A. Buschman	Sept.	12
Petroleum Profile - T. C. Aitken	Oct.	12
Petroleum Profile - Turner C. Smith, Jr.	Nov.	12
Petroleum Profile - Earle L. Maddox	Dec.	12
RESEARCH & DEVELOPMENT New Torquemeter for Rotary Drives, H. A. Rundell	Mar.	95
RIGS Helilift Rig Ideal for Foreign Work	June	58
Scarabeo II Largest Semisubmersible	June	82

TITLE OF ARTICLE AND AUTHOR	MONTH	Pg
Worldwide Rig Fleet Growing	June	101
Trailerized Rig Heads for Algerian Desert	Sept.	100
TURBODRILL Eastman Straight-Hole Turbodrill, David Schulz	July	64
TURNKEY DRILLING Is Turnkey the Answer to High Risk Drilling?	Sept.	49
PRODUCING		
ACIDIZING New Treatment Reduces Water Cut	July	97
ARTIFICIAL LIFT Gas Lift Boosts Thick Reservoir Production, George Kingsley and Edward DeMoss	July	83
Guidelines to Problem Well Diagnosis, T. O. Allen and Alan P. Roberts	Dec.	43
Ways to Improve Gas Lift Performance, P. T. Wall and Charles R. Haberthur	Dec.	60
How to Compute Pump Intake Pressure, Dr. A. K. Kotb	Dec.	64
Submergible Pump Completion in Flowing Wells, Robert S. Smith	Dec.	70
AUTOMATION Can Computer Controls Be Justified, John Scott	Apr.	35
Facility Tests Automation Gear	Apr.	40
Platforms Hope and Heidi Automated, J. A. Bodine	Apr.	42
Electronic Ways to Measure Net Oil, J. E. Kastrop	Apr.	47
Automation Works for Mobil Canada at Pembina, C. R. Wickens	June	54
Automated East Swan Hills in High Gear, Robert A. Crosky	Aug.	76
Dewater Gas Wells Automatically, Charles Ledet, Kurt Leutwyler, and R. G. Turner	Dec.	66
COMPLETIONS Pump-Down Techniques Complete Sea Floor Satellites, T. W. Childers, C. A. Brasier, E. R. Genois	May	84
No Problem Testing, Completing Muddy Wells, R. O. Childers	Nov.	62
Sand Can Be Serious Muddy Producing Problem, W. L. Price	Nov.	76
Perforating Techniques Vary With Reservoir, Lloyd Putnam	Nov.	79
Guidelines to Problem Well Diagnosis, T. O. Allen and Alan P. Roberts	Dec.	43
PERT Helps in Deep Well Workovers, F. T. Jones	Dec.	54
How to Compute Pump Intake Pressure, Dr. A. K. Kotb	Dec.	64
Dewater Gas Wells Automatically, Charles A. Ledet, Kurt Leutwyler, and R. G. Turner	Dec.	66
Submergible Pump Completion in Flowing Wells, Robert S. Smith	Dec.	70
CONTINUOUS TABLES Critical Flow Choke Coefficients	Jan.	65
Compressor Data - Rate vs. Suction Pressure	Jan.	66
Table of C Factors for Use With General Flow Equation	Mar.	69
Gas Reserve Calculation	May	75
Tank Capacity Chart	May	76
Well Pay-Out Conditions at Constant Production Rate	July	89
Estimating Economic Limit	July	90
Nozzle Selection Chart for Given Drilling String, Hole Size & Working Pressure with Varying Depth & Mud Density	Sept.	91
Reservoir Formation Volume Factor Correlations	Nov.	99
ECONOMICS Powder River Basin and the Boom Goes On, John Scott	Nov.	57
Instant Oilfields Draw Instant Markets, Pipelines, George J. McLernon	Nov.	68
Hydraulics Afford Pumping Economics, Howard L. Kelley	Nov.	82
EQUIPMENT Automation Works for Mobil Canada at Pembina, C. R. Wickens	June	54
Field Use Depicts Production Equipment Progress	Oct.	39
New Dimensions in Water Filtration, D. M. Landis and R. A. Boze	Oct.	58
Diverting Technique Improves Acid Job	Oct.	70
No Problem Testing, Completing Muddy Wells, R. O. Childers	Nov.	62
GAS LIFT Ways to Improve Gas Lift Performance, P. T. Wall and Charles Haberthur	Dec.	60
Dewater Gas Wells Automatically, Charles A. Ledet, Kurt Leutwyler and R. G. Turner	Dec.	66
GATHERING SYSTEMS Instant Oilfields Draw Instant Markets, Pipelines George J. McLernon	Nov.	68
LIBYA Occidental Sets Fast Pace in Libya, John Scott	June	51
LIQUID RECOVERY Gas Plant Custom Made for Bell Creek, Thomas H. Russell	Nov.	71
LOGGING Computers Increase Value of Temperature Logging, Billy P. Morris and R. D. Cocanower	Dec.	47
OFFSHORE PRODUCTION Offshore Oil & Cook Inlet, Alaska - Pt. 1, J. E. Kastrop	Feb.	47
Offshore Oil & Cook Inlet, Alaska - Pt. 2, J. E. Kastrop	Mar.	77
Pump-Down Techniques Complete Sea Floor Satellites, T. W. Childers, C. A. Brasier, E. R. Genois	May	84
North Sea Boom Undaunted, Grant Heatzig	June	60
OIL SHOWS Permian Basin Oil Show Biggest Yet	Nov.	91
OUTLOOK Industry Outlook/Direction - '68, J. E. Kastrop and John Scott	Jan.	49
Waterflooding: Big Today; How Big Tomorrow? John Scott and Murphy E. Hawkins	Aug.	53
PERFORATING Perforating Techniques Vary With Reservoir, Lloyd Putnam	Nov.	79
PRACTICES PERT Helps in Deep Well Workovers, F. T. Jones	Dec.	54
Ways to Improve Gas Lift Performance, P. T. Wall and Charles R. Haberthur	Dec.	60
Dewater Gas Wells Automatically, Charles A. Ledet, Kurt Leutwyler and R. G. Turner	Dec.	66
PRIMER MOVERS Turbine Powers Production Rig, J. E. Kastrop	Dec.	56
PRODUCTION METHODS Continuous Sucker Rod String Undergoing Test	May	94
Gas Lift Boosts Thick Reservoir Production, George Kingsley and Edward DeMoss	July	83
PROFILE Petroleum Profile - Ernest D. Brockett, Jr	Jan.	12
Petroleum Profile - Floyd K. Krebill	Feb.	8
Petroleum Profile - J. P. Jimmie Owen	Mar.	12
Petroleum Profile - E. M. Benson, Jr.	Apr.	12
Petroleum Profile - George B. Kitchel	May	12
Petroleum Profile - J. D. Moore	June	12
Petroleum Profile - Jack Herschel Marsee	July	12
Petroleum Profile - R. M. Brackbill	Aug.	12
Petroleum Profile - Robert A. Buschman	Sept.	12
Petroleum Profile - T. C. Aitken	Oct.	12
Petroleum Profile - Turner C. Smith, Jr.	Nov.	12
Petroleum Profile - Earle L. Maddox	Dec.	12
PUMPING Hydraulics Afford Pumping Economics, Howard L. Kelley	Nov.	82
How to Compute Intake Pressure, Dr. A. K. Kotb	Dec.	64
Submergible Pump Completion in Flowing Wells, Robert S. Smith	Dec.	70
RESERVOIR ENGINEERING Oil Reservoirs Pose Engineering Challenge, J. E. Kastrop	Feb.	66
Perforating Techniques Vary With Reservoirs, Lloyd Putnam	Nov.	79
RIGS Turbine Powers Production Rig, J. E. Kastrop	Dec.	56
SECONDARY RECOVERY Waterflooding: Big Today; How Big Tomorrow? John Scott and Murphy E. Hawkins	Aug.	53
Flood Evaluation Yields Vital Guidelines, J. C. Henry and J. D. Moring	Aug.	57
What, Why and How of Polymers for Waterflooding, Emil J. Burcik	Aug.	60
Automated East Swan Hills in High Gear, Robert A. Crosky	Aug.	76
STORAGE Shore Tank Batteries are Big, Flexible	Feb.	61
THERMAL RECOVERY Computers Increase Value of Temperature Logging, Billy P. Morris and R. D. Cocanower	Dec.	47
TUBULAR GOODS No Problem Testing, Completing Muddy Wells, R. O. Childers	Nov.	62
WATER TREATING Standardized Method to Monitor Injection Water, Harrell L. Bilhartz	Aug.	65
Plant Treats Waste Water for Disposal	Oct.	54
New Dimensions in Water Filtration, D. M. Landis and R. A. Boze	Oct.	58
WATERFLOODING Waterflooding: Big Today; How Big Tomorrow? John Scott and Murphy E. Hawkins	Aug	53
Flood Evaluation Yields Vital Guidelines, J. C. Henry and J. D. Moring	Aug.	57
What, Why and How of Polymers for Waterflooding, Emil J. Burcik	Aug.	60
Automated East Swan Hills in High Gear, Robert A. Crosky	Aug.	76
Computers Increase Value of Temperature Logging, Billy P. Morris and R. D. Cocanower	Dec.	47
WELL SERVICING Turbine Powers Production Rig, J. E. Kastrop	Dec.	56
WELL STIMULATION New Treatment Reduces Water Cut	July	97
WELL TREATMENTS Standardized Method to Monitor Injection Water, Harrell L. Bilhartz	Aug.	65
Diverting Technique Improves Acid Job	Oct.	70
Sand Can Be Serious Muddy Producing Problem, W. L. Price	Nov.	76
WORKOVERS Fracture Acid Shows Promise in Tight Carbonates	Feb.	72
Guidelines to Problem Well Diagnosis, T. O. Allen and Alan P. Roberts	Dec.	43
PERT Helps in Deep Well Workovers, F. T. Jones	Dec.	54
Turbine Powers Production Rig, J. E. Kastrop	Dec.	56

AUTHOR INDEX

AUTHOR	MONTH	Pg
Allen, T. O. Guidelines to Problem Well Diagnosis	Dec.	43
Bartlett, Luther Planned Pressure Drilling Pays Dividends	July	76
Bergman, Gunnar B. Wodeco Improved Drill Barge Stability	May	96
Bilhartz, Harrell L. Standardized Method to Monitor Injection Water	Aug.	65
Bodine, J. A. Platforms Hope and Heidi Automated	Apr.	42
